Choosing your cover

To work out your cover, think about what financial support you or your family might need if you had to stop working because you were sick or injured.

Consider your:

- **income** – how much do you earn now and what could you earn in the future?
- **savings** – how much do you have and how long would it last if you couldn't work?
- **debts** – do you have a mortgage, loans or other expenses?
- **assets** – do you own any property, shares or other investments?

Use the tables on the following pages to work out how much cover you need and how much it will cost based on your age and occupation category. To read more about what happens if you need to claim, see the relevant insurance guide on our website (details below).

As the cost comes out of your super, along with the benefits of insurance you should also consider the impact that higher levels of cover may have on your retirement savings over time.

Make sure you have enough money in your super account to pay the cost of the cover you're applying for and any other cover you have with us. Otherwise, your cover won't change and you'll need to reapply.

Reducing or cancelling your cover

Cbus Super members work in some tough conditions – and insurance can protect you and your family if the worst happens. Before you decrease or cancel your insurance, think carefully about what losing your income could mean for you and those who depend on you.

If you change your mind and want cover later, you'll need to provide detailed health and other information for our insurer to consider, and you may not qualify for cover. Give us a call or get financial advice if you'd like some help before you make any changes.

Read your insurance guide to understand your cover

Some words used in this application (such as **senior manager or executive** and **annual taxable income**) have specific meanings. To understand them, check the *Insurance guide (Industry Super)* at cbussuper.com.au/forms.

If your income is more than \$146,823 per year, you can work out how many units you need using this formula:

Your annual income × 0.87 ÷ 52 ÷ 100 = How many units you need (rounded up to a whole number)

Don't pay for more cover than you need

Don't apply for cover above the maximum for your salary range, as this would mean you'd be paying for more cover than you could get if you made a claim.

	Are you under 15 or over 70?	☐ Yes ☐ No

Step 5: Consider electing to keep your cover (optional)

Do you want to keep your insurance cover if your account becomes inactive? ☐ Yes

If your account becomes inactive (that is, it doesn't receive any contributions or roll-ins for 16 months), any death and TPD cover – including any future cover – will stop unless you've elected to keep it. See your insurance guide for more details, including other reasons why your cover may stop and when it may restart. You can change your mind and cancel cover at any time.

Please consider what insurance is right for your circumstances and the impact insurance premiums can have on your account balance.

Step 8: Sign and date this form

Insurance is issued under a group policy with our insurer, TAL Life Limited ABN 70 050 109 450 AFSL 237848.

The duty to take reasonable care

When you apply for insurance, you are treated as if you are applying for cover under an individual consumer insurance contract. A person who applies for cover under a consumer insurance contract has a legal duty to take reasonable care not to make a misrepresentation to the Insurer before the contract of insurance is entered into.

A misrepresentation is a false answer, an answer that is only partially true, or an answer which does not fairly reflect the truth.

This duty also applies when extending or making changes to existing insurance, and reinstating insurance.

If you do not meet your duty

If you do not meet your legal duty, this can have serious impacts on your insurance. Under the *Insurance Contracts Act 1984 (Cth)* there are a number of different remedies that may be available to the Insurer. They are intended to put the Insurer in the position it would have been in if the duty had been met. For example, the Insurer may:

- avoid the cover (treat it as if it never existed);
- vary the amount of the cover; or
- vary the terms of the cover.

Whether the Insurer can exercise one of these remedies depends on a number of factors, including:

- whether reasonable care was taken not to make a misrepresentation. This depends on all of the relevant circumstances.
- what the Insurer would have done if the duty had been met – for example, whether it would have offered cover, and if so, on what terms.
- whether the misrepresentation was fraudulent; and
- in some cases, how long it has been since the cover started.

Before any of these remedies are exercised, the Insurer will explain the reasons for its decision, how to respond and provide further information, and what you can do if you disagree.

Guidance for answering the questions in this form

You are responsible for the information provided to the Insurer. When answering questions, please:

- Think carefully about each question before you answer. If you are unsure of the meaning of any question, please ask us before you respond.
- Answer every question.
- Answer truthfully, accurately and completely. If you are unsure about whether you should include information, please include it.

- Review your application carefully before it is submitted. If someone else helped prepare your application (for example, your adviser), please check every answer (and if necessary, make any corrections) before the application is submitted.

Please note that there may be circumstances where the Insurer later investigates whether the information given to it was true. For example, it may do this when a claim is made.

Changes before your cover starts

Before your cover starts, the Insurer may ask you whether the information that has been given as part of your application for insurance remains accurate or whether there has been a change to any of your circumstances. As any changes that occur between when you complete this application and when your cover starts might require further assessment or investigation, it could save time if you let us or the Insurer know about any changes when they happen.

If you need help

It's important that you understand your obligations and the questions that are being asked. Please contact us for help if you have difficulty understanding the process of obtaining insurance or answering any questions.

Please also let us know if you're having difficulty due to a disability, understanding English or for any other reason – we're here to help and can provide additional support.

Your privacy is important

Cbus Super must comply with a set of principles known as the Australian Privacy Principles when collecting, using, disclosing, storing, and securing personal information.

We will only share the information collected on this form with our insurer, administrator and others mentioned in the declaration section below to allow us to assess and process your application or any insurance claim you make (or someone else makes for you). We won't pass your personal information on to anyone else without your permission, unless required by law.

For full details of how we collect and disclose your personal information (and how you can access it) see the *Privacy Policy and Personal Information Collection Statement* at cbussuper.com.au/privacy or call us on **1300 361 784** for a copy.

If you need information on how our insurer collects, handles, secures and discloses information, the TAL Privacy Policy is available at tal.com.au/privacy-policy or on request to TAL.

Declaration

I've completed this application truthfully and correctly to the best of my knowledge and I understand that:

- Cbus Super and its insurer will review the information on this application form to assess if I'm eligible for the cover I've applied for and may carry out appropriate checks to verify my answers. My insurance may be affected and I may not be entitled to claim an insurance payment if my answers on this form are shown to be inaccurate or false. This may not occur until claim time.
- Cbus Super and its insurer may need more information about me to assess this application or any insurance claim I make (or someone else makes for me). To allow them to do this, I consent to Cbus Super or the insurer obtaining information about me from legal practitioners, tribunals, courts, investigators, consultants, other insurance or reinsurance companies, and my past and present employers and interpreters (if any). I may also be asked to provide medical consent.
- By signing this application, I also consent to Cbus Super or the insurer disclosing information about me to any of the people or organisations mentioned above if it's required to assess my application or insurance claim or to perform any of their functions.
- By submitting this application I consent to my personal information being used to action my insurance request.

If I'm applying for new or more cover

- I've read the duty to take reasonable care and understand that if this duty is not met, this can have serious impacts on my insurance.
- My application will be reviewed by the insurer and Cbus Super will write to me to confirm if it's approved, when my new cover starts and any exclusions or other restrictions that apply.

If I'm reducing or cancelling my cover

- I wish to decrease or cancel my insurance cover under my Cbus Super membership in accordance with my nomination on this application.
- I've considered how my nomination may affect my financial security and that of my dependants.
- Once my application is accepted, I will no longer be insured for any type of cover that I cancelled. This means insurance premiums for this cover will stop being deducted from my account and I won't be able to make an insurance claim for events or conditions that arise after my cover was cancelled.
- If I want more cover in future, I'll need to apply for it and provide health and other information for the insurer to consider, and I may not be able to get cover.
